

Activity: Tape Resist with Watercolor Spray Paint

THE TOOLS YOU'LL NEED

- Watercolor Paint Box
- Watercolor Paper
- Masonite Board or Table
- Painter's Tape
- Spray Bottle filled with Liquid Watercolor
- Paintbrushes
- Toothbrush
- Optional: Scissors
- Optional: Sponges

Step 1
Attach the watercolor paper to your board or table with painter's tape.

Step 2
Using painter's tape, tear or cut tree-like shapes and apply them to your paper.

Step 3
Paint shapes of rocks and grass, and let dry.

Step 4
Using the spray bottle, spray paint directly onto the paper or fill a toothbrush with paint and flick paint on your creation!

Step 5
Once the painting is dry, remove the painter's tape.

Step 6
Add details to the painting. Use a paintbrush or other tools to add paint to your artwork!
